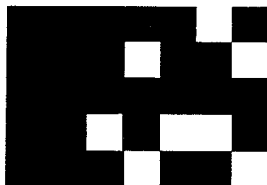

Fig. 5a

The screenshot displays the MedDataSolutions web application interface. At the top, the header includes the MedDataSolutions logo with the tagline "Info in. Knowledge out." and the text "Capital Area Trauma Regional Advisory Council" and "TSA-0". A left sidebar contains a vertical menu with the following items: "Register Patients", "Trauma Reports", "Events", "Links", "Archives", "Forums", "RAC Minutes", "Contact RAC Chair", "Urgent Needs", "MedDataSolutions Home", and "RAC Home". The main content area features a top navigation bar with buttons for "Retrieve", "Submit", "Clear", and "Preferences". Below this, a tabbed interface is shown with the "Demographics" tab selected. The "Demographics" tab contains the following fields: "Trauma Number:", "Account Number:", "Patient Name:" (with sub-fields for "Last:", "First:", and "M.I."), "D.O.B:", "Age:", "Race:", "Sex:", "County of Residence:", "Social Security Number:", "Medical Record Number:", "Cause of Injury:", "Specify:", and "Place of Injury:". Each field is followed by a text input box. A "Emergency" button with a minus/plus icon is located at the top right of the form area. A large black and white checkered pattern is visible in the bottom left corner of the screenshot.
